Full job description

Your new company

Our client is a diversified engineering and fabrication company that work on major industrial projects within Defence, Energy, Oil & Gas, and Resources and Infrastructure sectors mainly in South Australia.

Your new role

As a Blaster Painter you will be working in accordance with both Quality & Safety Standards, attend pre-start and toolbox meetings, contribute to safety discussions, report any faulty equipment, assist tradespersons as required, perform daily pre-start checks on all equipment, pro-actively contribute to JSA planning, and perform tasks in accordance with company quality procedures and work instructions.

Your duties will include but will not be limited to:

- Movement of fabricated steel components
- Blasting of steel components and fabrications to required profiles
